

# Family Traditions Project

Help the class learn about families, cultures, and traditions.

**What meaningful family traditions do you have at your house? Is there a special meal or dessert your family always makes that brings back special memories? Do you participate in a special activity? We all have special traditions that we enjoy with our families. We are asking you to share one of your meaningful family traditions with the class and to help us experience it. You never know what new tradition you could incorporate into your family.**

**This project could include, but is not limited to.....**

❖ recipes: favorite meal, dessert, or snack that you have each year  
(If you are presenting a food recipe, please only share the recipe. Due to food allergies we are not allowed to have food in the classroom.)

- ❖ decorating traditions
- ❖ games
- ❖ family activities
- ❖ any holiday tradition (not only December holidays)

**Make this activity FUN! Use your best presentation skills. You will present your project during the week before holiday break (December 18-22). When you present you must have the following.....**

1. Presentation which includes name of tradition, who is involved, when it is celebrated, what happens during the celebration, why it is special, and anything else to explain your tradition. (notes may be used during the presentation)
2. One or more of the following: props, costumes, objects, pictures, posters

You can view a copy of the grading sheet and examples on the class website . Click on the Holidays page.

**Please fill out the bottom of this form and return it to school by December 4th so that I can make a schedule and let you know which day you will be presenting.**
